

# Kinder Newsletter

February 2009

## Review

January was short but full of work. We studied different ecosystems, like meadow, desert, ocean and forest. We are getting to the end of our alphabet and we played with family words and rhymes.

We are still working on these sight words: **can**, **get**, **go**, **what**, **we**, **will**, and **you**. Help us to reinforce these words when reading books at home.

## Reading tip of the month

Nursery rhymes, children songs and riddles are good ways to gain and memorize vocabulary.

## Looking forward

Our kids are very enthusiastic about the coming celebrations. Just like our theme, "My beautiful country, Dominican Republic", we'll see a lot of allegorical representations of our costumes and our independence. Please, send us pictures of places in Dominican Republic that your kids have visited.

Important days coming:

*Valentine's day	Feb. 14
*100 days of school	Feb. 18
*Independence day celebration	Feb. 26

• **Check this!** Resources that we have been using these weeks in the computer center.
