

THE COMMUNITY FOR LEARNING

February 2010

PRE-K NEWS

Transportation

We are having a lot of fun with this theme. We made paper airplanes to watch them fly and experimented with balloons to simulate how rockets fly to the sky. We also made paper boats and tried them in the pool; some of them could float and some didn't have much luck. This theme is almost over and we thought of having a Wheels Day by the end of February. Kids will be able to bring their bikes, roller skates, tricycles or scooters to school that day. It will be a great way of ending this theme!

Special Dates

FEBRUARY

- 24. Wheels Day!
- 26. Independence Day Celebration.

MARCH

- 06. Family Trip to Rancho Bayguate

REMEMBER

- Kids need to bring WATER everyday to school, especially when they have P.E.
- Children are not allowed to bring chips, candy or soda to school.
